

Dump Trailer

The Sundowner Dump Trailer is an all aluminum trailer loaded with features. This lightweight trailer allows for extra carrying capacity while withstanding a hard day's work. The heavy duty floor is made from .125 thick aluminum and the sides from .090 aluminum. It comes standard with fixed sides and offers fold down sides as an option. Two loading ramps easily attach to the back and then can be mounted on the sides for easy hauling. The J hook tie downs can be used to tarp your load. Two way swinging gates are standard with hold backs so your load can be emptied safely and efficiently. The self contained scissor hoist is a two stage, electric/hydraulic design. This trailer is backed by Sundowner's 3 year hitch to bumper, 8 year structural warranty.
